DETAILED ACTION

The amendment filed 11 March 2010 has been entered.

Allowable Subject Matter

Claims 1-17 are allowed.

The following is an examiner's statement of reasons for allowance:

Applicant's amendments have overcome the 35 U.S.C. § 103 rejections of the previous office action. Further, the independent claims overcome the prior art since they require that the two or more removable tear-off members, when attached to the package member, prevent the flap member from being folded back down to fasten to the second side of the package member via the second fastening member. (Note: This is supported in the original specification, page 15, lines 14-19. However, see US Patent 7,328,798, Fig 19-20. Flap member 1850 (not shown) is removed or folded back while two or more removable tear-off members 1942 and 1944 are attached to the package member 1900. Nevertheless, Examiner assumes that Applicants have complied with their duty of disclosure.)

The prior art of record does not disclose this combination of limitations. For example, WO 99/47362 A1 to Stier discloses a sheet package 20, flap member 18, and second fastening member 36 (see FIG. 7-8), however, Stier does not disclose two or more removable tear-off members (Note: Applicants perfected foreign priority on 9

September 2008). Similarly, other prior references do not disclose all the limitations of the independent claim. Therefore, the claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
